We start the game Arsenal with possession in MID zone.  
FAC says we use player in spot #5 for Arsenal which is Rice.  
The defender is spot #10 for Villa which is Watkins.  
Roll of 6 on Rice's MID zone is a Pss+. A pass attempt to the OFF zone.  
Checking the BLUE section of the defender, Watkins, the 19 roll is higher than his BlkP and INT so the pass is successful for Rice into their OFF zone.

Arsenal in the OFF zone so we check the FAC to get OFF player #10, Saka, and the defender for Villa #2, Konsa.  
The 7 roll for Saka in the OFF zone gets a CrsP.  
This is a BLUE section play so you check the BLUE section of Konsa and the white 5 roll falls in his 3-6 INT range so Konsa intercepts the cross attempt and now Villa will have the ball in their DEF zone.

Villa from their DEF zone we have #5, McGinn, called as the offensive player by the FAC and #2, Saliba, as the defender.  
The black roll of 1 is checked for McGinn in his DEF zone section and we get a GREEN Chl+. McGinn is trying to dribble past Saliba. Checking Saliba's GREEN section with the white roll of 7 it falls in the Tkl range so Saliba is able to tackle McGinn and possesses the ball for Arsenal in their OFF zone.

Arsenal with the ball in the OFF zone gets a #5, Rice, matchup against the Villa defender #2, Konsa. The black roll of 19 falls in Rice's Att range so he is setting up to take a shot. That is a RED section so you check Konsa for the lone RED defensive stop of BlkS which the white 4 roll falls in the 1-5 range so Konsa has blocked the shot. The 4 is an EVEN number on the block so the ball is still in play and needs a recovery check. We will assume the HREC for Arsenal in the OFF zone is an 8 but the blue roll is above that with 17 so Villa recovers and has possession in their DEF zone.

Villa in their DEF zone will have #2, Konsa, with the ball and #10, Saka as the Arsenal defender. The black die of 1 falls in Konsa's Cry+ range of 1. This is a WHITE section play by the offense so there is no defensive stop for it so Konsa dribble advances the ball to the Villa MID zone.

McGinn, #5, will handle the ball in the MID zone for Villa while Rice, #5, will be the Arsenal defender. The black roll of 4 has McGinn trying a dribble challenge, Chl+, to get by Rice. This is a GREEN section check so the 2 white roll falls in Rice's foul range so he is whistled for a foul and will allow Villa a free kick from their MID section.

Take one of the 18 extra FACs that you counted out before the half and set it sideways in a separate pile as this foul will add 15 seconds, a half card, to extra time for the half.

Switched some players out to show different lineup spots. Diaby in the #9 spot for Villa will get the free kick and even though #8 for Arsenal, Odegaard, would be the defender it doesn't matter since there is no defense checks on a free kick. MID zone 20 roll by Diaby is a Pto+. He tries to do too much with this pass and turns the ball over to Arsenal in the next zone up which would be their DEF zone.

Magalhaes, #1, for Arsenal will handle the ball out of their DEF zone with #8, Bailey, defending for Villa. The black roll of 3 falls in Magalhaes's Fld, foul draw, range. This is a YELLOW section for Bailey and the white 8 die roll falls in his 1-13 Ycd range in his YELLOW section so he has fouled Magalhaes and given a yellow card. Magalhaes could have been hurt on this yellow card foul so you check the blue 11 roll against his INJ rating. Magalhaes has a - for his rating so he can't get hurt. A rating 4 and higher, like Martinelli has and he would have been hurt. Take one of the extra 18 FACs and set it in the EXTRAS pile as this foul will add 30 seconds to extra time, a full card, for the half.

Free kick from the DEF zone for Arsenal. #8 Odegaard will be the offensive player with NO defense needed since it is a free kick. The black roll of 8 falls in Odegaard's P++ of his DEF zone. He has completed a long ball pass all the way to the Arsenal OFF zone.
